

# Join the Capitals Coalition

Please complete and send your completed form and logo to [info@CapitalsCoalition.org](mailto:info@CapitalsCoalition.org)

The **Capitals Coalition** is a global collaboration united behind a common vision of a world where the value provided by nature, society and the economy collectively inform the decisions we make.

Formed out of the Natural and Social & Human Capital Coalitions, the Capitals Coalition is a growing movement of 350+ organizations from business, finance, science and academia, civil society, associations, standard setters and governments and policy. This community, and many more, take part in projects and activities around the world.

Joining the capitals movement delivers integrated decision making and underpins a more sustainable future for us all.

## Benefits

### Collaboration

You will have the opportunity to regularly engage through various online and in person activities with the wide network of leading organizations and experts. With support from the Coalition's team you will be able to identify the partners and initiatives that best align with your work, develop or take part in collaborative projects, and offer your experience to help other Coalition organisations to achieve their aims.

### Communication

You will receive the latest curated thinking and practice through newsletters and a program of online and live events. With preferred access to networks, platforms and events around the world, you will be able to develop a greater understanding of capitals thinking, the benefits it can provide, and how this approach connects with and compliments other existing initiatives.

### Recognition

Coalition organizations are recognized as leaders in their field. You will have the opportunity to share your experience with a wide audience within the community and beyond in sector, national, and international forums.

## Requirements to join

Participation is open to any organization (not on an individual level) who:

1. Subscribes to the our vision of a world where the value provided by nature, society and the economy collectively inform the decisions we make;
2. Collaboratively contributes to activities that support the Capitals Coalition's vision;
3. Do not wish to compete with, or subvert, the work of the Coalition.
